

User Story

1.

- As a frequent national traveller
I want to know times and prices of flights without booking
So I can go away and evaluate my options
→ flight info page before booking section
- Will detail
 - price
 - Dis/embark locations
 - time
 - One way or return
 - Dates

2. As a travel agent

- I want to be made aware of deals for group bookings
So I can please more customers
→ On front page incorporate section alerting viewer of deals
for groups and/or locations preferable for groups

3.

- As the Colico Air travel company
We want to record data/information that is necessary for
business reasons
So we can predict and adapt to future customer behaviour
→ When customers book flights, require following info:
- Seat class
 - N° of Adult/Children travellers
 - Desired seat
 - Credit/Debit card info
 - First/last name
 - Telephone number
 - Email address
 - If user has travelled from overseas in the
last 14 days & if they have gone through necessary quarantine
precautions & requirements
